FILE: 30-1

STAT

I concur with the D/OF who believes that NIESO/ICS certification should go through the Executive Director. Since the DCI heads both the Agency and the Community organization, they are subject to the same internal procedures for IG inspections, financial audits, and management controls which any component of the Agency is subject to. In the management of the Community staffs, this is properly an item of common concern which the Congress has approved and does not in any way impinge upon their independence from CIA. Therefore, the NIESO/ICS certification should go through the Executive Director.

Signed

Harry
